

Appendix F-3

Administrative Commission for the Reddick Presbyterian Church Ana Lugo-Berrios, Chair

The Reddick Administrative Commission (RAC) was established by action of the Presbytery on July 28, 2020. The Reddick Presbyterian Church property consists of a corner lot with two (2) structures: sanctuary and fellowship hall.

RAC has met nine (9) times since its inception and completed a series of tasks including:

- Assumed original jurisdiction
- Closed financial account and created dedicated account with the Presbytery
- Met with members and elders
- Visited the property and extended an invitation to members to retrieve objects of personal and/or sentimental value
- Invited partners in ministry to remove furniture/furnishings they could use in their ministries
- Had an engineer and real estate agent visit the property
- Had the property independently appraised
- Signed a listing with Jack Garnett

The property is currently under contract for sale. Presbytery's office manager Lisa Wells has secured a month-to-month contract with a lawn service for the property. Blessedly, we haven't had any vandalism incidents.
