Montgomery Center

May Presbytery Report

These last few months have brought a lot of growth at Montgomery. It has been a joy to connect with more members of our presbytery through site visits, events, off-site meetings, and visiting churches.

As I write this, we have just wrapped up the Montgomery-sponsored spring youth retreat. Twenty five youth and eight adults attended, representing five churches in our Presbytery. The weekend included three Bible study sessions, camp activities, service projects, and Sunday morning worship. These youth are strong in character and have a hunger for Christ. I look forward to watching these young disciples develop into future counselors!

We have just a few spots left for summer 2023 overnight counselors. Interested applicants must love kids and love Jesus! These counselors will be responsible for campers from Sunday to Friday most weeks, leading daily Bible study and camp activities. Qualified applicants should complete the intake form on our website, or at <https://forms.gle/gJZW23kjLtneXFWRA>.

Camp registrations are filling up as well. Be sure that your youth register as soon as possible! Our two-week LIT camp is back this year, and we're introducing new options like Wilderness Camp. Other additions to this year's schedule are Family Camp, You & Me Camp, and Day Camp. Consider becoming a ministry partner by sponsoring a camper to any of these great programs.

Lenten Fish Fry Fridays ran for seven weeks leading up to Easter. These fundraiser dinners were well attended by community members and members of our Presbytery. We also hosted our first Spaghetti Dinner fundraiser in February, and held a rummage sale in March. We continue to seek creative fundraising efforts.

Our maintenance team has been busy! New dock at Big Crystal Lake, replacing the submerged dock. Emerald Lake beach restoration. Roof repair on Cabin 1 and interior painting. Cabin 11 renovation. Roof repair at the Outpost. New beds throughout the cabins. Restoration of the Chapel. There is much more to come!

Our revenue has increased month for month over the previous year for the last 8 months. We are grateful for our ministry partners who have committed to automatic monthly giving through our new eGiving platform. We are also thankful for those who have made purchases for much needed equipment and supplies through our wish lists on Gift Hero and Amazon.

We recognize that God is at work at Montgomery, and joyfully respond to His calling.

In Christ's Service,
Rebekah Rodgers, Executive Director
