

Who is PSMJax? What do we do?

Our Mission:

PSMJax is a leading partner in efforts to end homelessness and operates as the community distributor of clothing by building a community where everyone has the access to the essential goods and resources they need.

Our Vision:

PSMJax is a community, faith-based agency, serving as a local and global connector of those who have with those who need.

PSMJax programs:

Clothing with Purpose works to solve clothing insecurity. Home Safe serves individuals and families who have been chronically homeless.

Clothing with Purpose

Clothing with Purpose provides clothing and household goods to over 80 partner agencies throughout the community committed to redistributing them free of charge to those in need. Together, we meet the clothing needs of Veterans, prenatal mothers, infants, school children, senior citizens, those seeking employment, and many others.

Volunteer

Become a part of the PSMJax family and join us as a volunteer.

Volunteers can sort clothing, sponsor undie-sock drives, serve as board members, become donors, or purchase off our wish list at PSMJax1.org/donate.

For more information, please contact: info@PresbyterianSocialMinistries.org

Donate

Become a monthly donor or make a one-time donation by visiting our website at PSMJax.org or scan the QR code.

Home Safe

Home Safe is a HUD-supported program that works to solve homelessness in Duval County by securing permanent supportive housing for 60 chronically homeless households. Case managers assist residents with financial management, employment, access to counseling, addiction treatment, healthcare, and other services. The program has served over 150 families throughout Jacksonville since 2005.

Urban Mission Experience

The Urban Mission Experience (UME) program has been an important connector of volunteer groups with service projects in Jacksonville's urban core. Volunteers were housed in onsite dorms, and PSMJax coordinated meals and projects according to a group's needs. During the pandemic, the dormitory space was repurposed into 3 individual mini-suites to accommodate an influx of traveling healthcare workers in high demand.
